Dear Harold-

I will write you a longer letter when I get back to Mpls. I'm in S.F. & expect to be here another week. This is likely my last drug conference of the season.

I got to see Hal last night. He's working a bit hard. He has a new reg. 40 hr/wk job & is selling comic books at the big Flea market in San Jose on Sundays. Saturdays he often spends buying comics.

Paul was away for the 3-day weekend so I haven't seen him yet.

I " had time to read PM yet... I've just been too busy. I have to get myself on a time schedule so that I get going on my dissertation. I still haven't started it.

The weather in S.F. is nice this time of year. Quite a change from the snow & cold of Minnesota.

Verry P. tried to reach me before I left. If you're in touch tell him I'm out here until March 2.

My phone # will be changing because I'm getting a private phone. My roommates we getting upset at all the calls I get.

They have increased of late since I'm
spending less time at Mpls. clinic. -

Well, I'd better close now -

Best,
Gay
